## WELL INFORMED MIGRANTS ARE SUCCESSFUL MIGRANTS

As a migrant myself, I have experienced first hand the journey from international student to migrant worker to resident and now successful entrepreneur. My passion is sharing this experience with my clients and helping them achieve similar milestones in their own journeys.

My team also bring with them a wealth of professional and personal experience that makes us uniquely placed to offer clients not just the highest standard of immigration advice but also treat them with empathy and understanding.

Each member of the team has gone through the immigration process themselves in one way or another, with some coming to New Zealand initially as students, or joining partners and family here.

They have experienced the ups and downs of the immigration process, and can therefore truly understand how clients feel and offer them the considered support they require.

Along with our caring team, we also have a large network of industry connections, and are well known and reputed within the market. We use all the resources available to us, including our knowledge, experience and our connections, to ensure the best possible outcomes for our clients.

I am very proud of the work that we do here at Aims Global, and I consider it my honour and privilege to serve migrants and assist them in settling in New Zealand the way that I did. Nothing pleases me more than seeing past clients go on to open their own businesses here and help contribute to New Zealand's flourishing economy. I truly love New Zealand and am pleased to be able to bring more of the right people here.

# OUR STORY

Aims Global began in 2004 as a dream shared by the dynamic father-daughter team of Amar Manchanda and his daughter Arunima. The company had its beginnings in India, and was born out of a passion to help people follow their ambitions to study overseas. In early 2005, Arunima moved to New Zealand herself, as one of the thousands of international students who come to New Zealand to chase their dreams. Along with her studies, she continued working with her father to grow Aims Global's market presence.

In August 2007, Aims Global graced the New Zealand Companies Office register as an incorporated company in New Zealand. From this point onward, there was no looking back and Aims Global began its rapid ascent to the top in the immigration industry.

We moved into our first commercial office space in 2008 and cemented our position as a key player in the immigration space. Our team continued to grow, as did our database of satisfied clients. Tanvi Pande and Hamneet Jaggi joined the team in 2011 and 2012 respectively, and went on to become full licensed immigration advisers themselves.

Arunima's one-woman army has now flourished into a well-rounded team of competent professionals who all share a common passion for achieving the best for their clients.

Aims Global reached new heights of professional success in 2015 with Arunima being named as a finalist in the NZAMI Hall of Fame Awards. The recognition and accolades continued in 2017 when Arunima was named the Immigration Adviser/Lawyer of the Year at the NZAMI awards, as well as being honoured with an award for Community Outreach. We also moved to a brand new custom-built office space, and our newest full licensed immigration adviser Mehak Singh also came on board. We now have a dynamic team of 12 including four full licensed advisers, and we hope to continue providing our clients with the best possible service for decades to come.

In October 2017, Mr Amar Manchanda passed away, and Arunima and her team have taken it upon herself to carry on his legacy. Arunima is committed to ensuring that the dream she shared with her father continues to blossom.
